PROFESSIONAL SUMMARY

Educational administration and student services professional with 8+ years of experience supporting academic operations, student records management, transcript processing, testing services, and administrative systems. Experienced in maintaining confidential records, coordinating testing activities, verifying documentation, and ensuring compliance with established procedures and security standards. Skilled in Salesforce, Banner, AIM, Formstack, Microsoft Office, and academic records systems, with a proven ability to improve workflows, develop administrative tools, and provide exceptional service to students, faculty, and staff in fast-paced educational environments.

SKILLS

- **Testing Administration & Proctoring:** Administer and proctor computer-based and paper-based exams while maintaining academic integrity, confidentiality, and compliance with testing procedures.
- **Student Records & Documentation:** Experience managing academic records, transcripts, testing documentation, exam inventories, and confidential student information with a high degree of accuracy.
- **Testing Operations & Student Support:** Coordinate testing appointments, verify identification, manage check-in/check-out procedures, and support high-volume daily testing operations.
- **Database & Administrative Systems:** Banner, Salesforce, AIM, Formstack, NATCEP, Student Composite Lookup, Outlook, and Excel for scheduling, records management, reporting, and communication.
- **Monitoring & Test Security:** Utilize LanSchool and CompleteView monitoring systems to observe testing environments, identify potential misconduct, and support secure testing conditions.
- **Process Improvement & Workflow Management:** Develop and improve administrative processes, documentation standards, and operational workflows to increase efficiency and consistency.
- **Web Applications & Database Management:** Experience developing and maintaining web-based administrative tools utilizing Firebase, data management systems, and workflow automation solutions.
- **Microsoft Office Suite:** Word, Excel, Outlook, and PowerPoint for documentation, reporting, data tracking, communication, and administrative support.
- **Customer Service & Communication:** Provide professional phone, email, and in-person support while responding to inquiries, resolving issues, and assisting diverse student populations.
- **Organization & Attention to Detail:** Strong ability to manage multiple priorities, maintain accurate records, follow established procedures, and ensure compliance with institutional requirements.

WORK HISTORY

Harper College – Testing Center Coordinator

11/2025 - Present

- Serve as a front-desk contact for all visitors, providing accurate information and responding to immediate needs in a fast-paced testing environment.

- Manage high-volume administrative operations, including email communication, ID verification, message distribution, and setup for CNA exams, ADS (Accommodations) exams, make-ups, English/Math placement tests, CLEP College Board, and Pearson GED Exams.
- Process, scan, file, and deliver completed exams via email or inter-campus mail, following strict faculty-specific handling requirements and ensuring student eligibility criteria are met.
- Distribute, secure, and track all exam materials; maintain weekly test inventory and ensure clear, readable documentation and proper filing.
- Proctor both in-person and computer-based exams to maintain academic integrity, confidentiality, and a controlled testing environment.
- Utilize Banner, Salesforce, AIM, Formstack, NATCEP, Student Composite Lookup, and Outlook to manage student records, process testing requests, schedule appointments, and check students in/out.
- Designed and developed an internal Testing Center operations dashboard that streamlines seat management, timer tracking, and proctor workflows, improving efficiency and consistency of daily testing operations.
- Use LanSchool and CompleteView live-feed camera systems to monitor workstations and observe exam rooms for potential cheating, ensuring a secure and compliant testing environment.
- Maintain strict security protocols for testing software, department computers, and all sensitive exam materials while supporting efficient daily operations

New Eden School – Systems Administrator

01/2018 - Current

- Managed and maintained confidential academic records, including student exams, grades, transcripts, and course documentation, ensuring accuracy, consistency, and compliance with recordkeeping standards.
- Generated official student transcripts by consolidating information from multiple sources, including Excel databases, student records, and transcript management systems, verifying accuracy prior to release.
- Created and maintained Excel databases used to track courses, curriculum listings, credit hours, and academic records, improving administrative efficiency and reducing data-entry errors.
- Developed and maintained a web-based academic administration platform utilizing Firebase to support student records, transcript workflows, course management, curriculum tracking, and administrative reporting.
- Reformatted and standardized more than 160 course instruction documents, aligning content with updated templates and new course IDs to ensure consistency across systems.
- Audited and updated academic records to resolve discrepancies, validate student progress, and maintain consistency across multiple record systems.

New Eden School - Portal Management Administration/Project Manager

08/2014 - 05/2017

- Oversaw development of a student portal by serving as liaison between administration and developers; gathered requirements, tested functionality, logged bugs, and ensured the system met institutional needs.
- Entered and updated online exams and grades in the student portal, ensuring accuracy and accessibility of academic records for both students and staff.
- Monitored data accuracy and identified duplicate entries, implementing solutions to maintain the integrity of student accounts and academic records.
- Provided technical feedback to developers, helping refine portal features and troubleshoot system errors to enhance reliability and usability.

- Supported faculty and students by ensuring records were updated, accessible, and aligned with institutional standards.

Toys R Us - Sales Associate

08/2012 - 06/2014

- Delivered excellent customer service by assisting diverse customers with product selection, troubleshooting, and account-related questions.
- Operated cash registers, processed payments, and balanced daily transactions while maintaining accuracy and resolving discrepancies.
- Gained experience working in a high-volume environment that required professionalism, patience, and strong communication skills.

Education

Dundee Crown High School – Carpentersville, IL
High School Diploma, 2012
